

One Day Workshop on Presentation Skills

PROGRAM OBJECTIVES

- The Workshop Is Based On “How To Do It”
- Up Gradation Of Power Point Skills
- Closed With A Prized Competition

WHO SHOULD ATTEND...

- Middle Management
- Front Line Management
- MTO's

Why Presentation Skills...

Like a workshop on career management this one on presentation skills is hugely personalized. In fact this intervention can be categorized as building a “Life Time Skill”. Without sounding pompous the team at Aspire feels this to be our benchmark workshop. We hope to market it as something beyond the organization. Such skills are a requirement of every and any individual who wishes to make an impact in life.

Special Features

This workshop has been planned as an “Experiential Reality”. It has the following highlights:

- A short facilitator presentation on the basic niceties.
- Use of video and true stories to differentiate a good presenter from a bad presenter.
- An individual facilitated session on power point.
- Finally skill practice with a prized competition.

About Us...

We are not starting in 2016 in fact we started in 2001 when Chaudry Fazle Muqem returned from Warwick, Mobashar Sadik was already a part of the most popular Business School in Islamabad & Noor Ahmed was breaking into an international career after graduating from a top Business School. All three of these gentlemen now form the core of what is “Aspire Consulting”- A training, organizational development & an academic institutions’ capacity building company.

Our Vision is “To Do More With Less”, Our Mission is to “Up-Skill Pakistan” & our Mantra is “Professionalism is ultimately a self-serving concept and money is but a by-product of it”

Note: The training design will be customized after deliberations with the client
